Want to shop on-line?

Diapers can be shipped to:  
Compass Family Resource Center  
995 Market Street, 5th floor  
San Francisco, CA 94103

**ABOUT COMPASS:**

Compass Family Services supports low-income and homeless families with a continuum of services that create lifelong change.

Our six programs help parents stay in a home or find and keep one, gain meaningful employment, and raise physically and emotionally healthy children.

Each year, we empower more than 3,000 of our neighbors to find their way to lasting self-sufficiency. For more information visit [www.compass-sf.org](http://www.compass-sf.org).

## A 10,000 Diaper Challenge

Dear friends,

Two weeks ago we asked for your help on behalf of the [Compass Family Resource Center](#) and we have been amazed and humbled by your response.

In two weeks, members of our generous community have donated more than 6,000 diapers, with more coming in everyday.

We are so grateful for your support of our families - if we could, we'd give each one of you a hug.

We are so close to our 10,000 diaper mark and we know with your support we'll reach our goal.

If you would like to participate, diapers can be shipped directly to our offices (the address is to your left) or you can [contact us](#) and drop them off in person.

Thank you for your support of Compass' work to help San Francisco's most vulnerable families find long lasting stability.

Best regards,

Rachel Del Rossi  
Program Director  
Compass Family Resource Center
